jestico + whiles

Designer: Charlotta Cole. Company: Jestico + Whiles, London, UK.

Profile: An architecture and interior design practice of approximately 100 people with offices in London and Prague. The company has completed major projects throughout Europe, the Middle East and India. Recent works include Yas Hotel, Abu Dhabi, Andel's Berlin and Andel's Lodz. Straight talking Charlotta sees no point in having a clock attached to her body but she loves statement jewellery especially Alexis Bittar. Best way to solve stress, 'take a deep breath'. Worst habit biting her nails. She'd take a break in Bali with her son and learn to surf, favourite exercise snowboarding in fresh powder. Admires Heston Blumenthal, Gwen Stefani, a man in a tailored suit. Best car Aston Martin DB4 in green, best shoes red patent leather, Miu Miu.
